Brunswick Exploration Inc.

Notes to Condensed Interim Financial Statements

For the three-month and six-month periods ended June 30, 2023 and 2022

(Unaudited, in Canadian dollars)

1. NATURE OF ACTIVITIES

Brunswick Exploration Inc. (the “Company” or “BRW”) is primarily engaged in the acquisition and exploration of mineral properties. BRW is domiciled in Canada and is governed by the *Business Corporations Act* (Québec). The address of the Company’s registered office is 1100, Avenue des Canadiens-de-Montreal, Suite 300, Montreal, Québec, Canada.

The Company is listed on the Toronto Venture Exchange (“TSX-V”) under the symbol “BRW”. On April 20, 2023, the Company’s common shares (“Common Shares”) began trading on the OTCQB Venture Market, a U.S. market operated by OTC Markets Group Inc. in New York, under the symbol “BRWXF”. The Company is focused on exploration and development of energy transition metal properties in Canada.

Until it is determined that properties contain mineral reserves or resources that can be economically mined, they are classified as exploration and evaluation properties. The recoverability of deferred exploration and evaluation expenses is dependent on the discovery of economically recoverable reserves and resources; securing and maintaining title and beneficial interest in the properties; the ability to obtain necessary financing to continue the exploration, evaluation and development of its properties; and obtaining certain government approvals or proceeds from the disposal of properties. Changes in future conditions could require material impairment of the carrying value of the deferred exploration and evaluation expenses. Although the Company has taken steps to verify title to its mining properties on which it is currently conducting exploration and evaluation work, in accordance with industry standards for the current stage of exploration and evaluation of such properties, these procedures do not guarantee the Company’s title. Property title may be subject to unregistered prior agreements and non-compliance with regulatory requirements.

Significant accounting policies

The condensed interim financial statements have been prepared in accordance with the accounting policies adopted in the Company’s most recent annual financial statements for the year ended December 31, 2022.

Judgments, estimates and assumptions

The preparation of financial statements requires the Company’s management to make judgments, estimates and assumptions on reported amounts of assets and liabilities, and reported amounts of expenses. The estimates and assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may be substantially different. The critical accounting, judgments, estimates and assumptions are the same as those in our most recent audited annual financial statements.
